

OMAR MOHAMED HOSNY

Front-End Developer

+20 1223891024 | omhosny66@gmail.com | Egypt, Elqaliobia | [Linked In](#) | [GitHub](#)

ABOUT ME

Front-End Developer with strong knowledge of HTML5, CSS3, Bootstrap, Tailwind CSS, JavaScript, and React. Passionate about building responsive, user-friendly web applications with a focus on performance, accessibility, SEO, and best practices. Solid understanding of modern JavaScript concepts, reinforced by completing Eloquent JavaScript. Always eager to learn new technologies and improve code quality through clean architecture and reusable components.

EDUCATION

Bachelor's in Computer Science (Expected 2027)

WORK EXPERIENCE

Front-End React Trainee – ITI | 2025

- Developed dynamic and responsive web applications using React.
- Built reusable components and managed application state efficiently.
- Practiced modern JavaScript (ES6+) concepts and problem-solving techniques.
- Focused on writing clean, maintainable, and scalable code.

Programming Fundamentals Trainee – Cairo Coding School | 2024

- Studied C++ fundamentals and Object-Oriented Programming (OOP).
- Practiced problem-solving techniques and algorithmic thinking.
- Learned core data structures (arrays, linked lists, stacks, queues).
- Applied sorting and searching algorithms to improve computational efficiency.

Technical Team Member – Google Developer Groups on Campus(GDGoC) | 2026

- Delivered technical sessions on HTML and CSS fundamentals for community members.
 - Simplified core front-end concepts and guided beginners through hands-on practice.
 - Assisted participants in building responsive web pages and understanding layout systems.
 - Collaborated with the technical team to prepare educational content and workshops.
 - Enhanced communication, presentation, and mentoring skills.
-

PROJECTS

Personal Portfolio Website - HTML, CSS, Bootstrap, JavaScript

- Designed and developed a fully responsive personal portfolio website.
- Added interactive features using JavaScript to enhance user experience.
- Optimized website performance and ensured cross-browser compatibility.
- Applied SEO best practices and accessibility standards.
- Deployed the project using [Github](#)

Team Portfolio Website Iraq (Client-Based Project) - HTML, CSS, JavaScript

- Applied modern CSS techniques and structured semantic HTML for clean architecture.
- Designed and developed a fully responsive portfolio website for a professional team based in Iraq.
- Gathered requirements and translated client needs into a functional and user-friendly interface.
- Implemented interactive features using JavaScript to enhance engagement.
- Iterated on feedback and delivered multiple revisions based on client requests.
- Ensured cross-browser compatibility, mobile responsiveness, and optimized performance.
- Deployed the project using [Github](#)

E-Commerce Web Application - HTML, CSS, Bootstrap, JavaScript, React

- Developed a dynamic e-commerce web application using React and reusable component-based architecture.
- Implemented product listing, filtering, and detailed product pages.
- Ensured responsive design and smooth user experience across devices.

SKILLS

Front-End Technologies:

- HTML5, CSS3, Bootstrap, Tailwind CSS, JavaScript (ES6+), React

Web Development Best Practices:

- Responsive Design, Performance Optimization, Accessibility (WCAG), SEO Principles, Clean & Maintainable Code.

Programming Fundamentals:

- C++, Object-Oriented Programming (OOP), Data Structures, Algorithms, Problem Solving

Tools & Version Control:

- Git, GitHub, VS Code, Chrome DevTools

Soft Skills:

- Technical Mentorship, Team Collaboration, Communication, Project Planning
